"Handsome" Hank Chipkicker was stopped by a blockade of swooning swine. What are swine? Why did they stop "Handsome" Hank?

What word is written on "Handsome" Hank's license plate?

When two bulls take over the Chili Cook-Off, they turn it vegetarian. What does "vegetarian" mean? Why do you think the animals want the chili to be vegetarian?

On pages 12 and 13, the vendors are covered in chickens. How many kernels of popcorn can you count on those pages? How many would there be if the chickens ate 7 kernels? How many if they ate 9?

How many circles can you count on “Handsome” Hank’s truck? How many rectangles?

How many clowns are in the clown car? Can that many clowns fit in a tiny car?

The rabbits on the rollercoaster are sitting in pairs. Two rabbits in three cars equals how many rabbits?

Count the flags and banners throughout the book. Are there more than 5? Less than 20?

Science

What are some of the sounds you might hear at a rodeo? Can you imitate them? Which sounds would be the loudest? The softest?

A goat tries to eat the clown’s pants. What other things might a goat eat?

On the last page, the horses end up on the stadium roof. Could horses really get up on the roof by themselves? If not, why not?

Which rodeo animals would be categorized as fowl?

Which rodeo animals are the fastest? The slowest?

Art Project

Using lunch sacks, construction paper, and glue, make a livestock puppet show.
